# INTEGRATED QUALITY, SAFETY, HEALTH AND ENVIRONMENT POLICY

At Industria Mecánica VOGT S.A., founded in 1954, we specialize in the design, manufacture, marketing and integration of high technology fluid power solutions. Our commitment to quality, safety, occupational health and environmental protection is fundamental in all our operations.

#### FOCUS ON QUALITY AND CUSTOMER SATISFACTION

We are committed to offer products and services that meet high quality standards, ensuring the satisfaction of our customers through efficient processes and continuous improvement.

# **OCCUPATIONAL SAFETY AND HEALTH (OSH)**

We provide safe and healthy working conditions to prevent occupational injuries and illnesses, ensuring that our management system is appropriate to the nature of our activities.

## HAZARD ELIMINATION AND RISK REDUCTION

We strive to identify, eliminate or reduce hazards in our operations, ensuring a safe and healthy work environment for all our employees.

## **WORKER PARTICIPATION AND CONSULTATION**

We promote a culture of safety and well-being, encouraging the consultation and active participation of our workers and their representatives in making decisions related to safety, health and the environment.

#### **ENVIRONMENTAL PROTECTION**

We adopt a preventive approach to minimize our environmental impact, prioritizing pollution prevention and promoting sustainable practices aligned with the context and needs of the organization.

#### LEGAL AND REGULATORY COMPLIANCE

We ensure compliance with all legal requirements and other applicable commitments regarding quality, safety, occupational health and environment.

## CONTINUOUS IMPROVEMENT

We promote the continuous improvement of our Integrated Management System, optimizing our processes, performance and efficiency to achieve excellence in all our activities.

This policy is reviewed periodically to guarantee its validity and adequacy to the strategic objectives of **Industria Mecánica VOGT S.A.**
